AN ACT relating to the valuation of motor vehicles for property tax purposes and declaring an emergency.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 132.485 is amended to read as follows:

(1) (a) Except as otherwise provided in paragraph (b) of this subsection, the registration of a motor vehicle with a county clerk in order to operate it or permit it to be operated upon the highways of the state shall be deemed consent by the registrant for the motor vehicle to be assessed by the property valuation administrator from a standard manual prescribed by the department for valuing motor vehicles for assessment unless:

1. The registrant appears before the property valuation administrator to assess the vehicle; or

2. The motor vehicle is twenty (20) years old or older, in which case paragraph (b) of this subsection applies regarding its valuation.

The standard value of motor vehicles shall be the average trade-in value, not the rough or clean trade-in values, prescribed by the valuation manual unless information is available that warrants any deviation from the standard value.

2. Tax refunds shall be granted under KRS 134.590 for the overpayment of property taxes on motor vehicles assessed for the January 1, 2022, assessment date using a standard value that was not the average trade-in value as required by subparagraph 1. of this paragraph.

3. The department shall make public taxpayers' option to request a refund and shall post the information in subparagraph 2. of this paragraph on its Web site for a period of at least two (2) years. Each property valuation administrator and county clerk shall also post the information in subparagraph 2. of this paragraph in its office and on
its Web site, or the county's Web site when a Web site does not exist

for the property valuation administrator or county clerk, for a period

of at least two (2) years.

(b) In the case of motor vehicles that are twenty (20) years old or older:

1. It shall not be presumed that a vehicle has been maintained in, or
   restored to, the original factory or otherwise classic condition or that its
   value has increased over the previous year;

2. In assessing motor vehicles under this paragraph and calculating the
   taxes due thereon, through the AVIS or otherwise, if the registrant does
   not appear before the property valuation administrator to assess the
   vehicle, the standard value shall be as follows:

   a. The actual valuation of the vehicle as was assessed in the vehicle's
      nineteenth year, if the vehicle was assessed for taxation in the
      Commonwealth in that year; or

   b. The average trade-in value prescribed by the applicable edition of
      the valuation manual for the vehicle in its nineteenth year, if the
      vehicle was not assessed for taxation in the Commonwealth in that
      year;

   reduced by ten percent (10%) annually for each year beyond nineteen
   (19) years; and

3. In the case of any motor vehicle for which the assessment procedure
   provided in subparagraph 2.b. of this paragraph would apply but cannot
   be carried out because the applicable edition of the valuation manual is
   unavailable, the property valuation administrator shall conduct an
   assessment of the vehicle to determine the value thereof for the given
   taxable year. The assessment under this subparagraph may be done in
   person if the vehicle's owner presents the vehicle at the property
valuation administrator's office, or the assessment may be done through a review of photographs and other documentary evidence. In subsequent years, that valuation shall be reduced by ten percent (10%) annually.

(2) The registration of a recreational vehicle with the county clerk in order to operate it or permit it to be operated upon the highways shall be deemed consent by the registrant thereof for the recreational vehicle to be assessed by the property valuation administrator at a valuation determined from a standard manual prescribed by the department for valuing recreational vehicles for assessment unless the registrant appears in person before the property valuation administrator to assess the vehicle.

(3) The registration of a motor vehicle on or before the date that the registration of the vehicle is required is prima facie evidence of ownership on January 1.

(4) When a motor vehicle is purchased in one (1) year, but registration takes place after January 1 of the following year through no fault of the owner, the department shall assess the motor vehicle and shall send notice of the assessment to the January 1 owner in accordance with KRS 186A.035. If the month of registration has passed for the current year, the assessment shall be due and payable if not protested to the department within sixty (60) days from the date of the notice. Payments made after the due date shall carry the normal penalty and interest for motor vehicles.

(5) This section does not apply to motor vehicles or recreational vehicles owned and operated by public service companies, common carriers, or agencies of the state and federal governments.

Section 2. This Act shall apply to motor vehicles assessed on or after January 1, 2022.

Section 3. Whereas the standard valuation of motor vehicles is essential for assessing property taxes and affects citizens throughout the Commonwealth, an emergency is declared to exist, and this Act takes effect upon its passage and approval by
1 the Governor or upon its otherwise becoming a law.
